Reign in Your Holiday Spending

The best way to avoid overspending this holiday is to create a spending budget and to start planning now!

Organize Your Gift Giving

✓ **Make a List**

Write down all the people who you'll be giving to this season. Check it twice.

✓ **Designate a Price Limit**

How much works with your budget, and what will you spend for each person?

✓ **Set a Deadline**

When does that person need to receive their gift? Consider setting a reminder in your phone for when you need to place the order!

✓ **Write Gift Ideas**

Next to each name, list an idea for a heartfelt gift at the right price.

Pro-Tip

Consider a Separate Savings Account

Next year, consider a separate account just for holiday gift shopping. Set up an auto-transfer from your checking account to this separate account to get closer to your goal.

It's the Thought That Counts!

You don't have to spend big this holiday to show your loved ones you care about them! Homemade cards and crafts send a heartfelt message too — anything you can do to make them feel special.
